**RE: Straight Talk with Nolan – Feedback**

This letter serves as feedback regarding the motivational talk done by Nolan at my school, St Teresa's (R.C) Primary School in Port Elizabeth.

Nolan conducted a workshop for our incoming Prefect Body as well as a motivational talk for the educators of the school. The quality of these two sessions was absolutely commendable. Nolan has a knack for communicating which really raises the bar when it comes to his motivational speaking.

Nolan shared some of his life experiences which is one of the reasons why his talk was so relatable. There is a beauty in his essence that radiates from within his soul. Personally, I felt so encouraged and all these months later I can honestly say that my life has changed after his talk. I now live in a better state of mind.

This talk was extremely beneficial to me as I too have ambitions of one day starting a foundation which will aid communities far and wide.

PS: Nolan I will be eternally grateful for the small role you have played in my life. Never let the world dim your shine. You are brilliant. We need more of us, because we have an entire world to change. Keep your chin up and always strive for bigger and better. We are destined for greatness, because there is no time to be ordinary. Where we walk, the grass will never grow again.

Hoping to someday meet up with you again just to catch up.

Dear Mr Nolan Pillay

We as prefects of 2020 are very grateful for Mr Nolan Pillay which had encouraged us to be the best version of ourselves. He taught us many things but the most important things are leadership skills and what a good leader is. He taught us the qualities of being a good leader. He helped and guided us with all the activities we had done and he gave lots of advice. We appreciate him for taking time out of his day and helping us.

Dear Mr. Nolen Pillay

We would like to take this opportunity to express our gratitude. We are very thankful for the time you sacrificed to host a workshop at our school. Everything that you have taught us will forever play a big role in our lives. You have made every student realise that each one of us are special and unique in our own special way. This workshop has made us grow more confident when socialising. All those skills will definitely help us perform our prefect duties to the best of our ability and potential to be a good leader.

I quote "Be the best version of yourself" those are the words you said to us and we will always remember that.

We thank you.
